

Estonian Statistical Society 20

Dear friends, representatives of Statistical Societies, colleagues,

On behalf of the Estonian Statistical Society I invite you to participate at our jubilee conference on September 27-28 in Tartu.

With this conference the Estonian Statistical Society celebrates its 20th anniversary. The co-organizers of the conference are the Institute of Mathematical Statistics of the University of Tartu, the Statistics Estonia and the Graduate School of Mathematics and Statistics in Estonia.

Conference topics: 1. High-dimensional data and their analysis, 2. Prediction, 3. Population, 4. History of Statistics in Estonia.

Deadlines for presentations. The titles together with half-page abstracts are waited for September 5, 2012. Time for a presentation is 20 min.

Organization. The conference venue is the University of Tartu. Opening is in the University aula, Sessions take place at the library of the University, and the jubilee reception is in the White Hall of the University's History Museum.

Presentations are both in Estonian and in English. New honorary members of the Estonian Statistical Society get their diplomas.

There will be a city tour for the guests.

The home page of the Society is (with most of the content in Estonian) <http://www.ms.ut.ee/ess/>

Imbi Traat
President of the Estonian Statistical Society
